

Postponement Announcement for IHRC 2022

Dear participants,

After careful considerations in light of the continuous development of the Covid-19, we have decided to postpone the IHRC 2022 until November 20-23, 2022. Our decision is aimed to ensure our audiences, partners, and staffs in a safe environment, while providing an exciting opportunity of reuniting our international audiences and friends together.

Registration, abstract and poster submission deadline will also be postponed. The venue remains the same as before.

We're so sorry for any inconvenience it may cause. We look forward to hosting you on November 20-23, 2022 in Wuhan, China.
